Member Service

- Service rendered after your date of membership in an eligible title with a NYSTRS-participating employer.

- Types of service reportable to the System include the following:
  - Regular teaching
  - Substitute teaching
  - Summer school
  - Coaching
  - Club advisor

- Employers include New York State public schools and BOCES (excluding New York City), as well as charter schools that have elected to participate as an employer in NYSTRS.
Member Service

- Must generally be paid on the regular payroll.
- Can be full- or part-time work, including per diem.
- Most unclassified positions with a participating employer (e.g., Teacher, Teaching Assistant, Administrator) are eligible for membership.
- Days of service are reported by employers.
- Days of service are then converted to months of credit.
- Minimum of 20 days in one school year = 1 month.
- 9 months = 1 year.
- Maximum of 1 year credit in a school year (7/1 – 6/30).
Prior Service

- Work as an employee of a NYS public employer prior to your date of membership in NYSTRS.
- Out-of-state public teaching prior to your NYSTRS date of membership (Tier 1).
- No cost for Tiers 1-2; cost will be calculated for Tiers 3-6.
  - Tier 3: Generally, 3% of salary received during period of service.
  - Tier 4: 3% of salary received during period of service + 5% annual interest.
  - Tier 5: 3.5% of salary received during period of service + 5% annual interest.
  - Tier 6: 6% of salary received during period of service + 5% annual interest.
- Prior Service does NOT change your date of membership or tier status.
Out-of-State Prior Service

- Tier 1 - Out-of-state public teaching prior to your NYSTRS date of membership.
- Maximum of 10 years, and any years that place you over 35 years of service are not usable in your pension calculation.
- No cost to receive the credit.

Tier 3-6 members are not eligible for out-of-state prior service. Tier 2 members are only eligible if the service was previously credited under a former Tier 1 membership.
Prior Service Facts

- To receive credit for your prior service, you must be credited with two years of member service.

- You can claim prior service at anytime; however, it is highly recommended you do so as early in your career as possible.

- Interest continues to accrue until the payment is made. (Since Tier 6 members pay up to 6% of salary received + 5% interest, the cost can accumulate quickly. So, purchasing prior service early on is particularly important for Tier 6 members.)

- Additional service can also get you to certain milestones faster (e.g., 5 years, 10 years, 20 years, 25 years (Tier 5) or 30 years).
To apply, you must file a **Prior Service Claim (PRS-2)** and the applicable verification form.

Transfer Service

- Transfers merge active memberships between NYS public retirement systems.
- Salaries and service are combined, often yielding a higher benefit as opposed to taking separate benefits from separate systems.
- Certain limitations apply. Service credit is limited by law to a maximum of one year of credit per school year.
- If you retire with less than three years of NYSTRS service credit from the date you joined NYSTRS (or less than three years of elapsed time since you initiated the transfer), your benefit calculation can be limited.
- Contact both systems prior to transferring to make sure a transfer is to your advantage.
- Transfers must be initiated with your former retirement system.
The Ins & Outs of Transfer
Reinstatement Service

- Reinstate an earlier membership (tier) in a NYS public retirement system.
- This will add service credit to your membership.
- No cost for Tiers 1-2.
- The cost for Tiers 3-6 is a one-time lump sum payment of the contributions refunded under the former membership plus 5% interest per year.
- Reinstatement is irrevocable; contact a System representative to discuss advantages or disadvantages before applying.
To apply you must file an *Election to Reinstatement* (RIS-1).
Prior Subsequent Service

This credit is available to members who had an opportunity to purchase credit for prior service but, before doing so, reinstated or transferred an earlier membership date to NYSTRS. As a result, that credit (which previously had been "prior" to their membership date) is now "subsequent" to their current membership date.
Chapter 351

Did you join the Optional Retirement Plan (ORP) after becoming a NYSTRS member?

If the answer is “yes” and you were denied public school service during your discontinued period, you should contact the System.

Chapter 351 of the Laws of 2002 allows members who have returned to employment with an employer other than the one from which they entered the ORP to receive credit for service rendered between 12/1/91 and 6/30/02.
To apply, you must file a Subsequent Service Claim for Discontinued Members (for service rendered 12/1/91-6/30/02) (MAC-4).
Chapter 352 allows current members to receive credit for NYC teaching service if:

- Their City service was rendered before 7/1/90 but after their current date of membership in NYSTRS; and
- They were not able to join the City Teachers’ or Board of Education Retirement Systems.
To apply for Chapter 352, you must file a New York City Subsequent Service Under Chapter 352 of the Laws of 2002 form (MAC-79).
Chapter 675 Service

- Chapter 675 of the Laws of 2006 allows members to obtain credit for service earned in another New York State public retirement system subsequent to their NYSTRS membership, even if their membership in the other system has ceased.

- To claim this credit, you must have been an active NYSTRS member on or after 6/30/06.

- You must have at least two years of NYSTRS service.
To apply for Chapter 675, you must file a Claim for Service Credit Under Chapter 675 of the Laws of 2006 (MAC-80).
Great News!

- If your prior SUNY Graduate or Teaching Assistant service rendered from 7/1/82 - 6/30/91 was previously ineligible, this service is now allowable and is retroactive.

To apply:

- If this prior service was previously denied, call the System at 800-348-7298, Ext. 6250 (or send us a secure message through your MyNYSTRS account) and request a review.

- If you have never applied, file a Prior Service Claim form (PRS-2) and have SUNY complete a Prior Service Verification form (PRS-3).
Service Not Allowable for Credit

- Charter school service rendered prior to the school electing participation with NYSTRS.
- Service rendered with a non-participating charter school.
- Service rendered after your NYSTRS date of membership in a non-teaching capacity while not a member of the covering retirement system.
- Service rendered with the Research Foundation of SUNY.
- Private or Parochial Service.
- Out-of-State service for Tiers 3-6.
Military Service

- **Prior**: Active duty rendered prior to joining NYSTRS.

  - Uniformed Services Employment and Reemployment Rights Act (USERRA)
  - Chapter 326

- **Verification**: Submit a copy of your honorable military discharge Form DD214.

- No minimum service credit requirement.

Classification of Earnings

Under the Education Law, the System classifies payments that teachers and administrators receive from a school district into four categories:

- Regular Salary
- Termination Payments
- Non-Regular Compensation
- Non-Reportable Salary
Contract Review

- NYSTRS reviews all contracts—both collectively bargained and individual agreements.
- The review determines regular salary, termination pay, non-regular compensation or non-reportable salary. The district is then notified of the determination so they report your salaries correctly.

What can you do to help?

Look at your *Benefit Profile* each year and make sure your salary information looks correct. If you see an error, speak to your district so it can be corrected.
What Is The FAS?

The Final Average Salary (FAS) is the average of your three or five highest consecutive school years of regular salary earned, depending on your tier of membership.

- For most Tier 1-5 members, the FAS is a 3-year average. For some Tier 1 members, a 5-year average can be used.
- Tier 6 members use a 5-year average.
- FAS is typically the average of the last three or five school years of salary, but not always.
- Certain limits apply for includable salary and salary increases.
- When applicable, we will build an FAS with three or five school years of 100% earnings.
Salary Limits

- Section 401(a)(17) of the Internal Revenue Code (IRC) limits the amount of annual compensation that can be used in computing benefits for members, effective with membership dates of 7/1/96 or later.
  - The limit for the 2016-2017 school year is $265,000.
- Chapter 18 of the Laws of 2012 supersedes IRC section 401(a)(17) limits for Tier 6 members.
  - Any wages earned during a fiscal school year in excess of the New York State governor’s annual salary (currently $179,000) are excluded from pension calculations.
Tier-Specific Salary Limits

Your FAS excludes yearly increases in regular salary that exceed the following limits:

- **Tier 1**: 20% of the previous year’s salary.
- **Tier 2**: 20% of the average of the previous two years’ salaries.
- **Tiers 3-5**: 10% of the average of the previous two years’ salaries.
- **Tier 6**: 10% of the average of the previous four years’ salaries.
- Also for Tier 6: For those with multiple employers, and 200+ days of service with a single employer, pensionable salaries are limited to the two highest-grossing positions per school year.
Regular Salary

- Regular salary includes only payments made by the school district to a teacher or administrator for the service that is reasonably incidental to the duties of a full-time teacher or administrator.

- The terms of the payment are generally set forth in a collective bargaining agreement or a long-standing employment agreement.

- In addition to salary earned for full-time teaching or administrative services, regular salary may also include:
  - Coaching
  - Tutoring
  - Summer School
  - Driver Education
  - Supervision of traditional after-school clubs
  - Teaching or administration of educational after-school programs
Regular Salary

Does not include compensation for...

- Duties or services assigned on a preferential basis; or
- Services performed outside or unrelated to the regular, fundamental components of the school district’s educational program; or
- Payments made on the eve of retirement
  - Either in exchange for resignation or;
  - Which would result in the inflation of the FAS.

A great source of reference is the Delegate News, such as Issue Numbers 2008-6, 2015-2, and 2016-3.
Transferred Salaries

- Salary information included in a direct transfer of membership can increase your FAS if those salaries fall in your highest consecutive years.

- These salaries would be subject to any limitations applicable by statute.
Payments for Leave

- Salary received while on an approved medical, military or maternity leave and paid by the school is usable in the FAS.

- If you are on Workers’ Compensation and being paid by the New York State Workers’ Compensation Board, those payments are not usable in your FAS (nor would you receive service credit for the corresponding time).
Termination Payments

What are termination payments?

- Payments made at retirement, such as retirement incentives, longevity payments, and payments of unused leave.
  - Such payments are included in a collective bargaining agreement or a long-standing employment agreement.
  - The receipt of these payments is not contingent upon the performance of a service.
- Termination payments are reportable only for members with a date of membership prior to 6/17/71.
Non-Regular Compensation

- Non-regular compensation (NRC) includes, but is not limited to, payments such as:
  - Taxable fringe benefits.
  - Bonuses.
  - Payments in lieu of health insurance.
- NRC is reportable only for members with a date of membership prior to 7/1/73 and only usable in a 5-year FAS.
Non-Reportable Salary

- Payments made outside of the collective bargaining agreement or long-standing employment agreement.

- Payments made on the eve of retirement, often in exchange for resignation, which would result in the inflation of the FAS.

- Any additional payments to a member to purchase health insurance through the district.

- Buyouts.

- Earnings from the following positions (classified service): Bus driver, computer maintenance work, district clerk, clerk of the board, school attorney or legal services provided by an attorney, master teacher presenter and similar positions.

- Payments for services as a consultant or independent contractor.
Consultants

- NYSTRS defines a consultant as someone who is an independent contractor, not an employee of the district.

- A consultant cannot perform a function that normally would be performed by a teacher or administrator in that district.
Reporting Error?

What happens if a district makes a reporting error?

By NYS Education Law, the System is required to make the adjustment to your earnings as soon as we are notified. This could mean even after you’re retired!

What can you do?

- Review your Benefit Profile each year.
- If you see an error with your salary or service, contact your district for correction sooner rather than later.
