Article I: Preamble

Article I: Preamble

The parties enter into this Agreement to ensure an effective and harmonious working relationship and to enable the professional employees to participate in and contribute to the development of policies as they pertain to the terms and conditions of employment of the teachers.

The parties recognize that one of the major challenges is the improvement and expansion of the curriculum for all students. The Ithaca Teachers Association (ITA) and administration will encourage the support and involvement of a maximum number of teachers in this effort.

The parties also agree that parental and public understanding, involvement, and cooperation are necessary to the development and improvement of public education and the Ithaca City School District. It is also recognized that there are institutional and community resources capable of significant contribution toward the improvement of the School District.

The parties acknowledge that the faculty's primary responsibility is to educate the children and that its energies should, to the maximum extent possible, be utilized to this end.

The ITA and the District support the concept of Academic Freedom. Both parties recognize that the democratic values of individual freedom and social responsibility can best be transmitted in an atmosphere free from censorship and artificial restraints.

Teachers have the right to study and present facts and ideas concerning humanity, society, the sciences, and all other branches of learning. Instructional material should have educational value, be relevant to the curriculum, and suitable to the age and maturity of the students.

Teachers are guaranteed freedom of individual conscience and the right of free inquiry and expression.

WITNESSETH:

WHEREAS, The Ithaca City School District and the Association recognize and declare that providing a quality education for the children of Ithaca, New York, is their primary mutual aim and responsibility and the character of such education depends predominantly upon the quality and morale of the professional staff,

WHEREAS, The members of the teaching profession are particularly qualified to assist in formulating policies and programs designed to improve educational standards,

WHEREAS, The Ithaca City School District has a statutory obligation pursuant to the Public Employees Fair Employment Act to negotiate with the Association as the representative of its teaching personnel with respect to hours, wages, and terms and conditions of employment, and

WHEREAS, The parties have reached certain understandings which they desire to confirm in this agreement,

IT IS HEREBY AGREED AS FOLLOWS:

Article II: Recognition

Article II: Recognition

A. Nature and Terms

The Board of Education of the Ithaca City School District, having determined that the Ithaca Teachers Association is supported by a majority of the employees in a unit composed of all employees of said district, professionally certified by the Department of Education of the State of New York or occupying positions for which such professional certification is normally required and all licensed Occupational Therapists, except for the Superintendent of Schools, Central Office Staff, Principals, Vice Principals, Supervisor of Attendance, and per diem substitutes, hereby recognizes the Ithaca Teachers Association as the exclusive representative of the employees in such unit for the purposes of negotiations regarding wages, hours, and terms and conditions of employment and in the settlement of grievances and for all other lawful purposes under the laws of the State of New York.

B. Dues Deduction

This School District agrees to the principle of the checkoff of Association dues in amounts to be determined by the Association in accordance with forms and procedures as agreed by the Ithaca Teachers Association and the Board of Education. The School District agrees that the privilege of the checkoffs will not be extended to any other organization for this Negotiating Unit.

C. Hold Harmless Clause

The Association agrees to hold the Board harmless from any and all damages and liabilities which may be sustained or which may arise as a result of making the dues deductions called for in this section.

D. Agency Fee

The District and Association recognize that the negotiation and administration of the collective bargaining agreement and related activities entail expenses which are appropriately shared by all employees covered by such agreements. They further recognize that the Association by reason of its status as the "exclusive representative" of all employees in the negotiating unit is obligated to fairly represent all such employees without regard to their membership in the Association. In consideration thereof, the District agrees to deduct from the wages of all employees in the negotiating unit who are not members of the Association, an agency fee in the amount equivalent to the unified dues of the Association and to promptly transmit the sums so deducted to the Association.

Deduction of this agency fee provided for by the above shall be made consistent with the dues deduction schedule of this Agreement beginning at the signing of this Agreement.

The District agrees to furnish the Association with an alphabetical listing showing the names of all employees in the unit who are hired after October 1 of any school year. Deductions shall be appropriately prorated so as to complete the appropriate deduction by the end of each school year.

The District and the Association agree to furnish to each other any information needed by either of them to fulfill the provisions of this Article.

Article III: Definitions

The Union shall create a fully legal refund procedure for agency fee payers who object to non-chargeable expenditures, and shall otherwise deal with the funds and with agency fee payers in a lawful and proper manner.

In the event that the District incurs any liability for damages, any litigation expenses, or any other expenses whatsoever in connection with the agency shop fee deduction granted by this Agreement, the Union agrees to indemnify the District and to hold it harmless for such expenses.

A. Procedures

The parties agree to enter into collective negotiations in accordance with the procedures set forth herein in a good faith effort to reach an Agreement on all matters raised by either party concerning the terms and conditions of teachers' employment. Such negotiations and the phrase "terms and conditions of employment" shall be deemed to include all areas covered by this

Article IV: Time and Scope of Negotiations

Agreement and all other matters of mutual concern in the operation of the school system. Any Agreement so negotiated shall apply to all members of the employer-employee unit represented by the Association, be reduced to writing, and be signed by the authorized person representing the Superintendent and the Association.

When negotiation meetings between the Board and the Association are scheduled during a school day, the Association (up to seven (7) members) will be relieved from all regular duties to permit their participation in such meetings. Such relief from duty shall not involve any loss of pay. All negotiations shall alternate between the scheduled workday and after the scheduled workday.

B. Availability of Budgetary and Statistical Information

During negotiations, the Board and the Association will present data, exchange points of view, and make proposals and counterproposals. As soon as available, and upon written request, the Board will provide the Association with a complete tentative budget, and/or the individual items contained therein, for the next fiscal year as well as preliminary budgetary proposals, requirements and allocations. The Board will also make available to the Association for inspection all pertinent records, data, and information of the Ithaca City School District upon written request. Either party may, if it so desires, utilize the services of outside consultants and may call upon professional and lay representatives to assist in the negotiations.

C. Appeal to Public Employment Relations Board

In the event that the parties have not reached agreement by sixty (60) days prior to the Board's annual budget submission date, or in the event that either party fails or refuses to negotiate, then either party may declare negotiations at an impasse and seek the assistance of the New York State Public Employment Relations Board.

D. Processing of Matters Not Specified

In matters not covered by this Agreement: (1) The District will deliver notice in writing to the President of the Association of any changes being considered in the salaries, wages, hours, and other terms and conditions of employment (as defined by the Public Employees Relations Board) or policies affecting any of these items. The Association has the right to negotiate with the Board regarding any such proposed changes provided it files a request with the Superintendent within fifteen (15) school days after the receipt of said notice.

E. Negotiations with Other Organizations Prohibited

The Board agrees not to negotiate with any employee group or organization other than the Association in regard to wages, hours, the terms or conditions of employment of employees in the unit represented by the Association or any other topic whatsoever affecting said employees during the term of this Agreement.

F. Maintenance of Standards

Except as required by this Agreement, or by a mutually agreed upon amendment to this Agreement as a result of a problem solving effort, both parties shall maintain at least the present standards affecting the terms and conditions of employment of the members of the faculty unit.

Article V: Teacher Administration Liaison

This Agreement shall not be interpreted or applied in any manner which will deprive teachers of professional and/or employment benefits and/or advantages heretofore enjoyed, or deprive the District of its legally mandated responsibilities.

G. Balancing Requirements and Resources

The Board and Association agree that agreements negotiated between them must reflect a mutually acceptable balance between adequate staffing, facilities, and resources available for education in Ithaca, as well as sound and competitive wage scales of employees of the school district.

Article V: Teacher Administration Liaison

A. Building Representatives

The Association's building representative(s) and building Principal shall meet once every two weeks if requested by either party during the school year to review and discuss local school problems and practices.

Each building representative shall have the right to schedule Association meetings before or after school or during the lunch period in his or her building.

The building representative(s) shall be provided with not less than ten (10) minutes time at all building faculty meetings to report on the matters involving representation of the teachers by the Association.

The building representative(s) shall be allowed free time during school hours each week to perform their duties under this Agreement, providing such free time does not interfere with their teaching duties and does not interfere with the duties of other teachers.

B. Association/Superintendent Liaison Committee

Representatives of the Association and representatives of the Superintendent shall meet once a month if requested by either party during each school year to review and discuss current school problems and practices, common goals and problems, long-term plans, strategy and philosophy of education and the administration of this Agreement. Such discussion shall include all matters of professional concern.

C. Curriculum and Program Development and Implementation

The professional staff is and should continue to be a major source of developments and innovation in the educational programs of the Ithaca City School District. Each teacher is encouraged to serve on at least one building-level or district-wide committee at least once every three years. The Association will be involved in the development, implementation, improvement and evaluation of such programs. The District reserves the right to involve other appropriate persons.

D. Teacher Consultation on Building Programs

In formulating designs and plans for the construction of new school buildings and/or the material alteration of existing school facilities, the Board, the administration and the architects will consult with representative teachers of those grade levels and specialties to be affected thereby,

Article VI: Professional Development and Educational Improvements

and all timely written recommendations and suggestions will be considered in formulating such plans.

E. School Based Decision Making Committees

1. The teachers serving on the initial District Committee and all District-wide Site-Based Committees will be appointed by the Ithaca Teachers Association.
2. The initial committee shall define "Site Based decision Making" and develop a plan for implementation at the building level site.
3. Prior to the filing of the Site-Based Decision-making document with the State Education Department, the District will present the plan to the Association for review and comment.
4. Once a definition and plan have been developed, the District will provide funding to train teachers, parents, administrators and other participants who will be involved in implementing the process. Topics for training will be included in the plan developed by the Professional Development Plan Committee.
5. Schools will have a flexible implementation time line.

Article VI: Professional Development and Educational Improvements

A. Expenses of Professional Workshops and Conferences

A teacher may, with the advance approval of the appropriate Principal, District-wide Supervisor, or Coordinator, as the case may be, and with the approval of the Superintendent, or his/her designee, attend workshops, seminars, conferences, or other professional improvement sessions. The Ithaca City School District will pay the reasonable expenses, including fees, meals, lodging, and transportation incurred by these teachers. The Board shall budget funds each year for this purpose, exclusive of the cost of substitutes and salaries.

In addition, a teacher may, with the approval as stated above, attend such professional improvement sessions at his/her own expense. The Ithaca City School District will pay each teacher his/her regular salary while absent in connection with attendance at such sessions and will also pay all substitutes' salaries thus necessitated.

The funds budgeted for the purposes of professional development each year shall be apportioned among the several buildings and District-wide departments on the basis of the number of FTE in each. Beginning July 1, 2016, funds for professional workshops, seminars, conferences, or other professional improvement sessions will be allocated to the buildings and District-wide departments at a rate of \$100 per FTE. The teachers in a building or District-wide department can submit requests for the funding of individual, departmental, group or building-wide or district-wide professional workshops, seminars, conferences, or other professional improvement sessions to their building or district-wide department committee. The committees will review and act upon the requests for professional improvement when deciding how to distribute expenditures of said funds. At least 30% of the funds shall be set aside for activities held in the second semester of each school year. These committees will be made up of teacher

Article VII: Teacher Employment

representatives appointed by the Association and administrators who will collaboratively determine which requests will receive funding.

In addition, teachers shall be compensated at the IRS rate for mileage, for which they have prior approval, when their attendance at professional development workshops requires the use of their personal vehicle.

B. Development of New Programs

The Board agrees to involve the Association in the development of new curricula or teaching programs. The Board shall have the right to involve such persons as it may deem fit in the development of such programs. Recommendations for teacher participants will be sought from the Association prior to the appointment of teachers.

The Association shall have the right to initiate discussions in connection with the development of any new programs which it desires to seek for the Ithaca City School District.

C. Teacher Improvement Plan

The Teacher Improvement Program (TIP.) is detailed in the APPR Plan documents as agreed upon by the parties and approved by SED.

The Plan is designed to identify that small number of individuals whose teaching performance is at a level requiring efforts to correct professional deficiencies and includes a process for developing individualized plans for professional improvement for any teachers who have been so identified.

It is also recognized that in cases where assistance offered through the Teacher Improvement Plan is refused or has not been effective, negotiated salary increases may be withheld. These processes shall not preclude 3020-a proceedings where such proceedings may be deemed appropriate.

Article VII: Teacher Employment

A. Prior Experience Credit

Full credit will be given for previous teaching experience up to twenty-five (25) years of teaching experience in a duly accredited public school. Up to five (5) years of teaching experience will be given for full-time employment in a parochial school, private school, Department of Defense school, or Department of State school. Additionally, credit for related work experience and military experience may be given. This credit shall be granted at the time of initial employment, and once granted and verified, may not later be diminished.

B. Re-Employment of Teachers

A tenured teacher who has resigned from the District and who returns to the District may be appointed to a probation period of fewer than two (2) years if warranted in the judgment of the Board and consistent with Education Law.

Article VIII: Teacher Assignment, Transfer, and Promotion

C. ITA Notification (New Employees, Returning Employees)

The names of all newly employed teachers and all teachers returning from extended leaves shall be submitted to the Association as soon as they have accepted an offer or have returned to District service.

Article VIII: Teacher Assignment, Transfer, and Promotion

A. Salary and Assignment Notices

Teachers will be notified in writing of their salaries for the coming school year within twenty (20) days after salaries for such coming school year have been agreed upon by the parties hereto and by February 1 for any year for which salaries are not to be negotiated. As soon as practicable, and under normal circumstances not later than June 30, returning teachers will be notified in writing of their tentative assignments by the building Principals or their immediate supervisor for the following school year, including the school(s) to which they will be assigned, the grade(s) and/or subject(s) that they will teach, and any atypical class(es) that they will have.

B. Area of Assignment

In order to assure that pupils are taught by teachers working within their areas of competence, teachers will not be assigned, except temporarily and for good cause, outside the scope of their teaching certificates and/or their major or minor fields of study.

C. Notices of Any Application for Vacancies

1. No less than twice each semester, the Superintendent shall have posted on all faculty bulletin boards in all school buildings a list of all known vacancies in the faculty unit for the then current and the following school year. The method of applying for the position will be clearly set forth in the notice.
2. Such notices shall be posted as far in advance as practicable, ordinarily at least fifteen (15) days before the final date when applications must be submitted and in no event less than ten (10) days before such a date. In the case of vacancies occurring during summer vacation, the notice thereof shall be posted in the administration offices of the Ithaca City School District and a copy thereof shall be sent to the Association and to each individual teacher previously registering with the Board of Education in the manner hereinafter provided for such openings.
3. The Superintendent of Schools or his/her designee shall agree with the representative of the Association on the content and form of all applications for transfer, reassignment, and/or promotion to be used for positions in the negotiations unit represented by the Association.
4. Any teachers who desire to apply for any such vacancy shall submit their applications in writing to the Office of Human Resources within the time limit specified in the notice.
5. Teachers who desire to be informed of positions which become vacant during summer months may inform the Office of Human Resources in writing of postal and/or electronic addresses at which they may be contacted during the summer months. The Office of

Article VIII: Teacher Assignment, Transfer, and Promotion

Human Resources will mail notices of vacancy to those teachers who provide the Office of Human Resources with self addressed envelopes or mailing labels for this purpose.

D. Requests for Transfer

Teachers desiring a change in assignment shall file a written statement of such desire with the Administrator responsible for personnel by April 1. All such requests will be honored to the extent that they do not conflict with the instructional requirements and best interests of the School District. Teachers will receive a written response to their request by August 1. The written response will inform the teacher whether the request has been granted or denied or whether the District will need additional time to decide the request. If the written response advises the teacher of the need for additional time, it will also ask the teacher to advise the District of the date beyond which she/he would no longer be interested in the change of assignment for the ensuing school year and the request will be considered withdrawn on that date or seven (7) calendar days before the commencement of classes for the ensuing school year if the teacher does not specify a date.

E. Notice of Hiring and Transfer

The names and addresses of every teacher newly hired, reassigned, transferred, or promoted in the school system will be made available to the Association via the Board of Education report or by request to the office of Human Resources.

F. Qualification for Assignment

Vacancies including athletics, extracurricular, and other stipended positions shall be filled from within where practicable. All appointments and assignments to any and all vacancies and openings shall be based on qualifications, experience, and certification. Every unsuccessful applicant will be advised of the filling of the vacancy as soon as possible after the same is filled. Unsuccessful applicants who are represented by the Association shall, upon request, be furnished with an explanation as to why they did not receive the appointment to such vacancy.

G. Salary of Long-term Substitutes

All Long-term Substitutes to any and all positions will receive the salary commensurate with their experience and education. Teachers who have retired from the District and are returning as long-term substitutes will be paid at the rate of pay received at the time of retirement.

H. Probationary Service of Transferred Teachers

The voluntary transfer or reassignment of any tenured member represented by the Association to a position outside of his/her existing tenure area may require a probationary period of fewer than two (2) years in the new position if warranted in the judgment of the Board and consistent with Education Law.

I. Involuntary Transfers

It is recognized that some involuntary transfers of teachers from one building to another or reassignment within a tenure area may be in the best interests of the District but should be held to a minimum. Notice of any such involuntary transfer shall be given as soon as practicable and under normal circumstances not later than June 10.

Article VIII: Teacher Assignment, Transfer, and Promotion

However, if notice is given on or after August 15, the member shall be entitled to two (2) days of paid time to prepare for the new assignment. Payment for these days shall be made after the submission of a time sheet.

When transfers are necessary to positions for which there are no previous applicants, volunteers will be sought for such positions and no involuntary reassignments will be made unless it has not been possible to locate an adequate number of volunteers after a good faith effort for a period of ten (10) days. Volunteers will be transferred or reassigned first. After the group of available volunteers has been exhausted, a teacher's area of competence, major and/or minor field of study, quality of teaching performance, and length of service in the school system will be considered in determining which teacher is to be transferred or reassigned.

An involuntary transfer or reassignment will be made only after a meeting between the teacher involved, a representative of the Association, and the Superintendent or designee is held, at which time the teacher will be notified of the reasons therefore and if the teacher objects to such transfer or reassignment, a good faith effort will be made to transfer or reassign the teacher to an acceptable position.

J. Schedules and Reimbursement of Teachers Required to Travel

In arranging schedules for teachers who are assigned to more than one school, an effort will be made to limit the amount of inter-school travel. Such teachers will be notified of any changes in their schedule immediately upon completion of the schedule. All teachers who are required to travel, other than from home to school and school to home, in connection with their duties will be paid mileage at the Federal rate per mile.

K. Administrative Approval of Assignments

Teachers shall not be hired and/or assigned without a prior interview by and the consent of the District-wide Coordinator and Principal(s) of the building(s) to which the teacher will be assigned.

L. Hiring and Assigning Administrators

The Board of Education will ask the Association for teacher representatives to participate in interviews of candidates being considered for employment as Superintendent of Schools.

The teachers shall be appointed by the Association, comprise at least 1/3 of the committee, number at least 4, and jointly develop, with the administration or the Board of Education, the questions the candidates are asked.

The Superintendent will ask the Association for teacher representatives to serve on committees established to interview candidates for any building level or District-wide administrative position.

The Superintendent will inform the affected staff of any administrative transfers before such transfers are made public. The Association President will be invited to any meetings at which transfer announcements are made to school staffs.

The affected staff will have the opportunity to meet with the administrator before the transfer actually occurs and the staff will have an opportunity to provide input to the Superintendent.

Article VIII: Teacher Assignment, Transfer, and Promotion

M. Teacher Training

A responsibility of skilled veteran teachers is to help inexperienced teachers develop as professionals. The Association and District will encourage experienced teachers to work with beginning teachers.

Those staff members assuming responsibility for the training of pre-service personnel and/of Teacher Aides/Assistants shall make their own compensation arrangements with such educational institutions which may be requesting this training. This type of training should assure a continual development of highly competent professional.

N. Involvement in Teacher Education Programs

Involvement of any member of the negotiating unit in any facet of a teacher education program in the Ithaca City School District will be on a strictly voluntary basis.

O. Tenure Areas and Seniority

1. There are two types of teacher tenure areas in existence at this time. Teachers appointed prior to August 1, 1975, are referred to as "Baer" teachers and their tenure areas are as established in their Board of Education appointments. Teachers appointed after August 1, 1975, are referred to as "Part 30" teachers and their tenure areas are set forth in Part 30 of the Rules of the Board of Regents. Seniority lists will reflect the State Education Law's requirements as to both Baer and Part 30 teachers.
2. The factors utilized in determining the amount of seniority for each teacher are:
 - (a) One (1) year of credit has been counted for each full school year (September through June) where the teacher's employment status has been full-time.
 - (b) One-tenth (.1) credit has been counted for each full month in years where a full year's service has not been rendered.
 - (c) In cases where a teacher does not complete a full month's service, they shall be credited with service equal to the number of paid days worked during the month.
 - (d) No credit has been counted for unpaid leaves of absence granted by the Board of Education.
 - (e) Credit has been counted for paid leaves of absence.
 - (f) Service is credited from the date of appointment. When two (2) teachers start on the same date, the date of the Letter of Intent will determine the order of seniority. If both are the same, a lottery will determine the order of seniority.
 - (g) Part-time seniority credit will be pro-rated on the basis of actual time worked (i.e., a .5 teacher will received 1 year seniority credit for 2 years of ½ time service).
 - (h) Disagreements on individual seniority will be discussed at a meeting with the Personnel Administrator and the Association.
 - (i) Section 30.13 of the Rules of the Board of Regents as outlined will apply to all pre- and post-August 1, 1975, teacher appointments.
3. When the Board of Education abolishes professional education positions, it shall do so in accordance with the provisions of Sections 2510, 2585, and 3013 of New York State Education Law.
 - (a) The Board shall identify the tenure area in which the professional education position is abolished.
 - (b) The Board shall determine the person having the least seniority in the tenure area affected by the abolition.

Article IX: School Building Facilities

- (c) Should the individual identified have tenure or be in probationary status in additional tenure areas created by this Part, (s)he shall be transferred to such other tenure area in which (s)he has greatest seniority and shall be retained in such area if there is a professional educator having less seniority than (s)he in such other tenure area.
- (d) If such individual is junior in service in such second tenure area, (s)he shall be transferred in succession, in order of length of service, to each of the areas in which (s)he shall have acquired tenure or be in a probationary status and shall be retained in any such area if there is a professional education in such area having less seniority than the individual.
- 4. Reductions in Force- If at the time of a reduction in force a part-time teacher exercises his/her seniority rights to claim a specific position, (s)he must accept the position (full-time or part-time) at its current time allotment unless the District agrees to allow a change in the time allotment (see Sections 2510, 2585, and 3013 of New York State Education Law).
- 5. Part-time teachers holding valid teaching certificates, who are employed fifty percent 50% or more, shall be eligible for tenure upon completing the equivalent of four (4) full years of service in the District.
 - Examples:
 - .5 employment would require six years of service.
 - .8 employment would require 3.75 years of service.
- 6. Non-tenured unit members shall be formally observed in accordance with the mutually agreed upon APPR document.

P. Affirmative Action

The District maintains policies and commitments concerning diversity and equity. The Ithaca Teachers Association (ITA) supports and shall make every effort to promote a diverse staff that is reflective of our diverse student population and community. The ITA supports the premise that it is important to expose our children to a diverse teaching staff within each of our schools. Every child has the basic right to a great public school with a qualified and caring staff, including educators who are culturally competent or who share similar cultural experiences, and who can serve as role models demonstrating that education and achievement are to be respected.

Article IX: School Building Facilities

A. Safety of Facilities

All buildings, rooms, materials, and/or equipment of the District used or occupied by teachers in connection with the instruction and/or supervision of pupils shall be in compliance with the rules and regulation of the Division of Educational Facilities Planning of the New York State Education Department for the continuing use of existing buildings and/or the planning of new facilities and/or renovation of existing facilities. Equipment shall carry Underwriters Laboratory approval where applicable.

Suspected deficiencies will be reported by the Association to the Superintendent of Schools or his/her designee. If during the term of this Agreement the Association has reasonable cause to think that testing should be conducted on the indoor air quality and/or the quality of drinking water, tests can be requested. The tests, to be conducted by a qualified professional, will be

Article IX: School Building Facilities

scheduled within two (2) weeks of the request. Copies of the findings will be mailed to the Association and the District as soon as they are completed.

If the report indicates that any facilities and/or equipment fail to meet any of the foregoing standards, the Superintendent of Schools or his/her designee will develop a plan of action and timeline for correcting the deficiencies. This plan of action will be developed by the District within sixty (60) calendar days after the report is received and forwarded to the Association.

If the initial report is unable to locate a deficiency, but a serious problem persists, the Association may request that additional testing be conducted by a mutually agreed upon independent professional. A schedule for these tests will be made by the District within two (2) weeks of the selection of the independent professional and forwarded to the Association.

If the report indicates that any facilities and/or equipment fail to meet any of the foregoing standards, the Superintendent of Schools or his/her designee will develop a plan of action and timeline for correcting the deficiencies. This plan of action will be developed by the District within sixty (60) calendar days after the report is received and forwarded to the Association.

B. Classroom Facilities

1. Each classroom will be adequately heated, lighted, ventilated, furnished, and be acoustically satisfactory. Adequate facilities for storing instructional materials and supplies will be provided for all teachers.
2. The District will not knowingly require a teacher to perform duties in areas in which the teacher's health, safety or well-being may be endangered.

C. School Building Facilities

The following facilities are desirable for all school buildings:

1. an adequately heated, lighted, ventilated, and furnished teacher work area containing adequate equipment and supplies to aid in the preparation of instructional materials;
2. a communication system so that teachers can communicate with the main building office from their classrooms and get timely response by adult personnel during school hours;
3. an adequately heated, lighted and furnished room, with telephone, to be reserved for the exclusive use of the teachers as a faculty lounge, said room to be in addition to the aforementioned teacher work area;
4. adequately lighted heated, ventilated, and cleaned teacher rest rooms, separate for each sex and separate from the students' rest rooms;
5. a separate, private dining area for the exclusive use of the teachers;
6. a parking area with an adequate portion thereof reserved for teacher parking.

In order to facilitate this section, the Director of Facilities shall meet with the Ithaca Teachers Association Safety Committee on a regular basis, but not less than three (3) times each school year, to review health and safety concerns.

Article X: Teacher Protection, Student Discipline, and Classroom Interruptions

New and renovated buildings will be planned with due consideration for the foregoing. In the case of existing buildings, reasonable effort will be made to furnish the above facilities as it becomes practicable to do so.

Each teacher shall have adequate work and storage space assigned to him/her for his/her personal use.

D. Facilities and Clerical Staff for Other Teachers and Administrators

All Department Leaders, Coordinators, Supervisors, School Counselors, Librarians, Nurse Teachers, Attendance Officers, and other teachers requiring telephone facilities, office equipment and machinery, and clerical staff shall be furnished with the same in adequate and appropriate quantity to enable them to fulfill effectively their professional assignments and duties and to relieve them from non-professional clerical tasks.

E. Use of Keys

All professional staff members shall have access to a key, key card or other authorized device permitting access to their building(s), assigned classroom(s) or work space(s), as well as access to designated space with a telephone connected to an outside line. Any employed teacher who adheres to building security regulations shall be entitled to keep the key, key card or other authorized device during times when access to the building is permitted.

F. Admission to School Events

All professional staff and immediate family members accompanying the staff members may be admitted to all Ithaca City School District sponsored events free of charge.

Article X: Teacher Protection, Student Discipline, and Classroom Interruptions

A. Anti-Discrimination

The employer will not discriminate against any teacher because of race, color, religion, sex, national origin, sexual orientation, age or disability.

B. Individual Freedom

The private and personal life of a teacher is not the appropriate concern of the Board of Education or Administration, except as it may interfere with the teacher's duties.

C. Teacher Protection

Teachers will immediately report all cases of assault sustained by them in connection with their employment to their Principal or immediate supervisor, in writing. Said report will be forwarded to the Superintendent, who will comply with any reasonable request from the teacher for information in his/her possession relating to the incident or the persons involved and will act to protect the rights of the teacher.

Article X: Teacher Protection, Student Discipline, and Classroom Interruptions

D. Physical Restraint and Reports

The District will provide teachers, upon request, with TCI training or other training regarding the District approved restraint methods. Such training shall include an understanding of when and how to restrain students.

The parties recognize that instances arise when physical contact between a teacher and student(s) may be necessary. In such cases, a report shall be made immediately to the teacher's immediate supervisor. The building Principal or immediate supervisor, as the case may be, may require a written report of any such incident. (See physical force policy in student handbook.)

E. Save Harmless

The Board agrees to save teachers harmless from any financial loss, including reasonable attorneys' fees, arising out of any accusation of an assault, claim, demand, suit, criminal prosecution, or judgment by reason of any act or omission to act whatsoever by such teacher within or without the school building, provided such teacher, at the time of the act or omission complained of, was acting within the scope of his/her employment under the direction or the approval of the Board or the duly appointed officials of the District. This provision shall inure to the benefit of the individual teachers, their heirs and executors, and their insurance carriers, if any. Notification by the teacher must be given as required by Section 3023 and/or Section 3028 of the New York State Education Law.

F. Complaints

Serious complaints directed against a teacher shall be promptly called to the teacher's attention, and the teacher shall be afforded an opportunity to reply to the same; and no derogatory complaint letter or report shall be placed in the teacher's file without the teacher's knowledge and an opportunity to make a written statement of explanation to be attached thereto. An opportunity will be provided to meet with complainants for the purpose of discussing the complaint except in cases that may result in criminal or civil charges.

G. Disciplinary Orders

Teachers shall receive instructions and directions from supervisory personnel and implement the same.

H. Building Evacuation

In the event that any school building is evacuated in whole or in part by reason of any report or threat of damage thereto by bomb, fire, or other lethal instrument or incident, no teacher will be required to participate in any search for such lethal or destructive instrument. When the Principal or any school staff member receives a telephone call advising that a live bomb is secreted in his/her school building, the first step is the decision as to the credibility of the call. Whenever a building Principal decides that a call is not credible, (s)he must do so in conjunction with the Superintendent or his/her designee.

I. Students Causing Disruption to the Learning Environment

Emotionally disturbed pupils and pupils presenting severe disciplinary problems impede the educational progress of the entire class. No such pupil shall knowingly be assigned to any class without the teacher first having been informed of the known facts relative to such pupil.

Article X: Teacher Protection, Student Discipline, and Classroom Interruptions

Teachers encountering such pupils in their classes shall be given early support in the form of psychological and social casework assistance.

In the event that the presence of any pupil or pupils becomes unduly disruptive to the conduct of instruction or threatens the welfare and/or safety of the teacher and/or the pupils, the teacher is hereby authorized to remove forthwith such pupil or pupils from the class until such time as the objectionable behavior has been eliminated in a manner which, in the judgment of the teacher and Principal directly involved, best serves the interest of the District and the child. If the child continues to be disruptive upon return to the class, (s)he will then be removed from said classroom situation and be referred for remedial sessions with the school and/or community resource personnel.

J. Suspension of Pupils

The District will conform to all necessary requirements of Education Law as it relates to the suspension of pupils.

K. Classroom Interruptions

Except under unusual circumstances, students will not be released from regular class for a private fee program.

M. Transfer of Student After a Term has Started

If possible, teachers will be give twenty-four (24) hours notice before a new pupil is placed in his/her class. When this transfer involves a child already enrolled in the District, the new teacher will have access to all available records in the School Counselor's or Principal's office within twenty-four (24) hours. In the event that a child is transferring from another school district, the administration shall make every effort to obtain the placement information within twenty-four (24) hours.

N. Safety Education Training

Any teacher who is responsible for a group of District students on a day or overnight trip, exclusive of students participating in athletic competition, will be eligible to attend a first aid training program every other school year. The program will be supported by the Board of Education and will be conducted by a School Nurse Teacher or other appropriately certified trainer. Additionally, the District will provide training in the use of an automatic external defibrillator (AED) to district approved teachers who volunteer to be in charge of the AED machine during school functions and trips.

O. Right to Prior Notification

Whenever a meeting with a teacher is requested by the Superintendent, the teacher shall be notified in advance as to the purpose of the meeting. The teacher will have the right to have his/her building representative or a representative of the Association of his/her choice attend such meeting.

Article XI: Teaching Hours and Teaching Load

P. Transfer of District Programs

Q. Hepatitis B Inoculation

The district will provide inoculation for Hepatitis B for those teachers who request such inoculation and who agree to release the District and its health care provider from any and all liability.

Article XI: Teaching Hours and Teaching Load

A. Teachers' Work Day

All teachers are required to devote sufficient time to their duties to fulfill their professional responsibilities and teaching assignments. By mutual agreement, teachers may be assigned an alternative starting and ending time provided their total work day shall be comparable in length to the standard teacher's work day. Specialists shall not be required to meet with more than five (5) classes in one-half (1/2) day. Classes will be at least one-half (1/2) hour in length.

Effective July 1, 2000, an additional ten (10) minutes will be added to the beginning of the school day during which time teachers will be available. The additional time is not for the purpose of making assigned duties and teachers will not be restricted to being in their classroom, but will be expected to be generally available for a variety of professional matters including additional student assistance, preparation of school materials and other related professional activities.

Effective July 1, 2006, bargaining unit members assigned to elementary buildings will be present twenty (20) additional minutes prior to the start of the school day as follows:

For the duration of this contract, Psychologists, Social Workers and School Counselors will be relieved of traditional supervisory duties (e.g., cafeteria supervision, playground supervision, hall supervision, supervision of bus loading and unloading) to permit them to have additional student contact time. The parties recognize that relief from these traditional supervisory duties is not meant to limit the exercise of professional responsibilities by Psychologists, Social Workers and School Counselors in the areas in which supervisory duties are typically performed (e.g., cafeterias, playgrounds, halls, bus loading and bus unloading).

Article XI: Teaching Hours and Teaching Load

C. Lunch Period

All elementary school teachers shall have at least a 30 minute duty-free lunch period each day and all secondary school teachers shall have a duty-free lunch period as long as the students' lunch period each day but in no event less than 30 minutes.

D. School Calendar

By February 1, the President of the Association shall provide to the Superintendent written recommendations regarding the calendar for the following school year. The teacher work year shall comprise 187 days, 184 of which can be days of instruction. One of the 187 days will be worked at the member's discretion for the purpose of PLC or professional development. This "Professional Day" may be completed any time between July 1 and June 30 and may be used for planning, professional development, or any aspects of research/preparation that pertains to student growth and achievement. The parties agree that the teacher discretion day will be documented in a manner consistent with district practice. The calendar shall additionally include up to three "reschedule" days on which school will be open as a result of emergency school closing such as snow days. These "reschedule" days will be identified in the calendar.

The District may schedule additional voluntary workdays without additional payment. The additional days will be entirely voluntary and the days will be subject to procedures established in accordance with the Professional Development Plan. The days are intended to be teacher in-service and training days and not additional student attendance days. Teachers would be primarily responsible for planning the content of these voluntary workdays. The Ithaca Teachers Association will be notified of the teachers serving on any Professional Development committees. All expenses for approved plans for these days shall be borne by the District.

E. Faculty and Professional Learning Community Meetings

1. Faculty and PLC meetings currently held on Wednesdays will follow the schedule of Faculty meetings being held on the first and third Wednesday and PLC meetings being held on the second, fourth, and fifth Wednesday of each month. Teachers and administrators working collaboratively may make changes to this schedule in an individual building. Faculty members will be excused from these meetings in the event of unavoidable conflicts with other professional responsibilities.

The district will establish up to eight Wednesdays a year for district-wide PLCs. A sample list of district-wide PLCs may include, but is not limited to, special education, reading, art, music, P.E., ENL, and teacher librarians. Some agendas for district-wide PLCs will be created by administrators but attempts will be made to collaboratively form agendas.

2. Faculty members will attend up to two (2) sixty (60) minute school faculty meetings per month. These meetings will be scheduled immediately before or after the school day by mutual agreement between the faculty and administration. Staff members will have input into the development of the faculty meeting agendas.
3. The District and the Association support the use of Professional Learning Communities (PLCs) in which educators work collaboratively in recurring cycles of collective inquiry and action research to achieve better results for the students they serve. Staff members will attend up to three (3) ninety (90) minute PLC meetings per month.

Article XI: Teaching Hours and Teaching Load

PLC teamwork must include some or all of the following:

- Gathering and analyzing evidence of current levels of student learning
- Developing strategies and ideas to build on strengths and address weaknesses in that learning
- Designing lessons, case studies, and units
- Analyzing the implementations and results of those new strategies and lessons
- Applying new knowledge in the next cycle of continuous improvement

In keeping with the spirit and intent of Professional Learning Communities, the agenda for PLC time shall be set by PLC teams and individual teachers. The agenda shall not be mandated by building or district level administrators. PLC teams may meet even if all members are not present. In order to fully engage all members of their PLC, no member shall serve on more than two PLCs in a school year. For each meeting, PLC teams shall submit a list of attendees, the time and place of the meeting, and a brief summary of items discussed and/or decided.

The spirit and intent of Professional Learning Communities also include a role for administrators. Ideally, administrators are a presence at PLC meetings to learn along with teachers and to find ways to support the growth and development of PLCs. In instances where a PLC is not implementing some of the above mentioned strategies during their time together, an administrator can provide additional guidance and support to a PLC in the form of assistance with establishing norms, guiding agendas, or creating meeting structures that allow for effective participation, development, and growth.

F. Open House/Curriculum Night

It is the teacher's professional responsibility to attend an open house or curriculum night for the school to which (s)he is assigned. Itinerant teachers or specialists will not be expected to attend more than one (1) such night.

Teachers required to attend more than one evening meeting will be compensated on the basis of 1/200th of their annual salary for each six (6) hours.

G. Preparation Time in Elementary Schools

Elementary school teachers will have at least one preparation period each day of at least 30 minutes during which they will not be assigned to any other duties. Such preparation period may be scheduled when the pupils in the teacher's class are being instructed by a specialist.

There may be a 15-minute recess period each day by agreement of the Principal and the staff involved. Such recess period will be in addition to the teacher's lunch period and preparation period. The building Principal in cooperation with his/her staff will be responsible for implementing this section.

Article XI: Teaching Hours and Teaching Load

The Principal and the staff will also attempt to develop a special schedule so that each teacher has an additional preparation period during the week. Usually this additional preparation will occur on the days the teacher's class has more than one special class.

Elementary teachers will not be required to remain with their class when the class is being taught by a specialist.

H. Teacher/Parent Meetings

Teachers or parents may initiate meetings to discuss issues of concern about students or programs. If requested by either party, an administrator and/or Association representative will be present. Meetings will be arranged at a mutually convenient time.

From time to time, teachers or parents may initiate parent-teacher meetings to discuss issues of concern about the parent's child, or teacher's classroom or program in general. Parent-teacher meetings may be authorized by the Principal or the teacher, and, if authorized, shall be scheduled at time that is convenient for the teacher and the parent. An administrator will endeavor to attend a parent-teacher meeting if so requested by the parent or the teacher. A teacher may request that an Association representative attend a parent-teacher meeting, in addition to, or in lieu of, an administrator. The Association representative shall be permitted to attend a parent-teacher meeting, provided that, prior to the meeting, the parent: (a) consents to the union representative's presence, and (b) executes a written release authorizing the Ithaca City School District to disclose personally-identifiable information derived from the student's educational records to the Association representative during the parent-teacher meeting.

I. Teaching Periods and Preparation Time in Middle and Secondary Schools

1. There shall be five conditions which govern the utilization of subject area teachers in the middle and secondary programs:
 - (a) Preparation of the teaching schedule shall be the task of the Principal and staff, cooperating fully in a way that is mutually agreeable.
 - (b) An equitable class load and student load in keeping with the availability of staff and the specific nature of the subject area shall be established each year within the building schedule.
 - (c) Time for preparation (at least one (1) full period or its equivalent) during each school day shall be maintained.
 - (d) Innovations leading to the most effective use of teaching time and talents and innovations in the scheduling of classes shall be recognized as essential if optimum educational goals are to be achieved.
 - (e) Each middle school team teacher shall be entitled to a team planning period and a preparation period each day. Every effort shall be made to ensure a team-planning period for those teachers without a team planning period assignment.
2. When no other method of balancing the teaching load is possible, and as recommended by the building Principal or supervisor, and if the teacher agrees to be assigned to extra students teaching periods, (s)he shall be compensated at a rate of 0.167 of a day's salary for each such additional period. Such extra teaching periods will be on a voluntary basis and will be utilized only to meet special temporary situations and will not be permanent in nature. Except as herein modified, existing policy in this area shall remain in effect.

Article XI: Teaching Hours and Teaching Load

J. Department Leaders

1. Department leaders will be elected by the members of that department. Each teacher shall be assigned to a department. No department shall consist of fewer than two teachers.

K. Subject Areas in Secondary Schools

Secondary school teachers will not be required to teach more than two subject areas nor more than three teaching preparations within said areas at any one time. Teachers assigned to more than two subject areas or more than three teaching preps will be relieved of their supervisory assignments.

L. Obtaining Substitutes

M. Reporting Unavailability for Duty

Teachers shall be given a telephone number and are expected to call and report their absence(s). A teacher shall not be responsible for obtaining a substitute.

N. Extra Help For Students

Teachers will provide extra help for students in need. Such help may be provided before, during or after the school day by mutual agreement between the teacher and student. Teachers will communicate their availability for such help clearly to their students.

O. Early Dismissal

Article XI: Teaching Hours and Teaching Load

P. Professional Plan Development Opportunities

The District shall develop and adopt a professional development plan consistent with the guidelines established by the Commissioner of Education, in order to provide teachers with substantial professional development opportunities including opportunities directly related to student learning needs. The District shall provide sufficient professional development opportunities to enable teachers to meet the state requirement for professional development. Teachers shall be responsible for completing at least thirty (30) such hours during each school year. 3. If the District elects to use mentor teachers, they shall receive a stipend of \$600.00 per year. Department Leader cannot serve as mentors to teachers within their department. Those serving in an administrative and/or evaluative position cannot serve as mentor teachers.

Q. Professional Improvement

The continually increasing knowledge from educational research demands that teachers keep abreast of this knowledge and consider and plan its inclusion in school district operations. To this end, professional improvement programs will be planned jointly by the Administration and the Association. These programs will be scheduled for weekends, time immediately before the beginning of the work year, early dismissal days established in Section O of this Article, and for other times during the regular instructional year as mutually agreed upon by the Administration and the Association. In addition, such time will be established in blocks and/or series which will make the programs meaningful. Attendance by teachers at such programs will be voluntary. However, the Association fully accepts its responsibility to encourage all of its members to participate. In order for the teacher to fulfill his/her obligation to the community and the profession, each should feel responsible to devote at least the equivalent of five (5) working days each year to continuing self-improvement activities.

S. Job Sharing

The following will apply to those teachers who wish to share a position or are already in a job share position.

1. Job sharing of positions is possible under the following conditions:
 - (a) The building Principal agrees to have a job-sharing situation in his/her building;
 - (b) The teachers who will job share agree to reduce voluntarily to part-time;
 - (c) There is a compatible partner who has been approved by the District interview process; if a compatible partner is not found the District will advertise for a job-sharing partner;

 - (a) If a non-tenured teacher reduces to part-time to job share, or a part-time teacher is involved in a job share, (s)he is entitled to a part-time job in subsequent years. If (s)he wishes to move to a full-time position, (s)he may apply for a transfer in his/her tenure area when a vacancy exists.
 - (b) Tenured teachers who reduce to part-time will retain their tenure.

3. Definition: Job sharing means two (2) teachers sharing one (1) full-time position.
4. Pairing: Job sharing assignments shall be filled only by teachers who have agreed to work together.
5. Selection: Job sharing partners can come from teachers currently employed by the District, or in the event that an ongoing partnership is dissolved, from the pool of applicants for other positions in that area.

6. Responsibilities: The professional responsibilities of the two (2) job sharers may be divided and/or allocated according to a plan designed by the job sharers, and approved by the Principal in conjunction with the appropriate Assistant Superintendent.

The plan shall include, but not be limited to, a daily schedule and an explanation of how the team will handle grading, parent/teacher conferences, curriculum coverage, common planning, faculty and other staff meetings, back to school night, committee participation, etc.

Article XII: Pupil-Teacher Ratio

7. Salary: A job-sharing teacher will receive the appropriate full-time salary prorated to his/her FTE.
8. Substituting: Job sharers shall substitute for each other whenever possible.

Article XII: Pupil-Teacher Ratio

A. Pupil-Teacher Ratio (PTR)

The parties agree that this section will not have force or effect until it has been renegotiated. A joint labor management committee will be formed to address the language and make a recommendation to the parties for inclusion into the contract. Each of the parties will appoint their own members of the committee and the committee shall establish a timetable to hold meetings with a goal of having a proposal by February 1, 2016.

Staffing for the coming school year will be determined by the April 30 enrollment figures of the respective elementary schools. Secondary schools will use the April 30 enrollment figures of the incoming grade and the two continuing grades in each school.

Upward staffing adjustments will be done on a .5 teacher basis using increases in pupil enrollment based on the staffing ratio for each school. The September 30 enrollment figures will be used to determine these adjustments.

If enrollment declines after April 30, teachers may be transferred in whole teacher increments only. Insofar as possible, teachers shall be notified of this possibility before the end of school in June. No teachers shall be transferred unless they are notified by the third week in August. Extra help will be offered to a teacher who is transferred under this clause.

1. The following criteria will be used to determine staffing in the elementary schools:
 - (a) The base PTR will be 23.75. This will be adjusted downward as indicated.

<u>Base PRT</u>	<u>Low SES*</u>
23.75	0%-9.9%
22.25	10%-19.9%
20.75	20%-29.9%
20.00	30% or more

*according to State and Federal guidelines.

- (b) A further adjustment in the PTR will be based on pupil enrollment as indicated.

<u>Pupil Enrollment</u>	<u>Drop in PTR</u>
450+	
375-449	-0.5
300-374	-1.0
225-299	-1.5
Less than 225	-2.0

Under no circumstances will the District be expected to maintain PTR at less than 18-1.

Article XII: Pupil-Teacher Ratio

The kindergarten teachers of each elementary school will be included in the pupil-teacher ratio. For each two half-day kindergarten students, each school will add one student to its enrollment figures. Each full-day kindergarten student will be counted as one student.

2. Each secondary school (high school, junior high and middle school) will be staffed at a pupil teacher ratio of 18.65 to 1.
3. Professional staff in the elementary schools will not be increased more than 4.0 above the pupil-teacher ratio for that school as determined above.

In the High School, DeWitt, and Boynton the professional staffing will not fall below 21.65.

In Beverly J Martin Elementary and the Lehman Alternative Community School, the professional staffing will not fall below 25.00.

4. The employment of auxiliary personnel will be recommended by the professional staff of that attendance unit.
5. Staff in the Pupil Personnel Services Department will not be assigned as part of the teacher ratio. This group will be comprised of any counselors, psychologists, social workers, speech therapists, occupational therapists, nurse teachers, and dental hygienists. Assignment of personnel in the pupil personnel category will be made by the Assistant Superintendent of Student Services working with members of this department and in cooperation with Principals and other various staff.

Instrumental Music teachers at the elementary level and junior high also will be excluded from the ratio and assigned by the supervisor of Music instruction based on criteria developed by the Music department staff.

6. The number of half-time students enrolled in the BOCES program as of February 1 will be counted as .7 in the pupil-teacher ratio for each school for the following year. Any student attending BOCES less than half-time will be counted as follows: one hour at BOCES = .9; two hours at BOCES = .8.

The number of students enrolled in the BOCES program as of September 1 each school year will be multiplied by the average retention ratio of the three (3) previous years to determine staffing in each school.

7. The parties agree to negotiate the PTR for any school whose enrollment is impacted by the reorganization.
8. Downward staffing adjustments will be done annually at the end of the school year based on the enrollment figures of April 30 of the current school year.
9. All references to September 30 and April 30 enrollment figures in this Article shall mean the last teaching Friday of each of these months.

The contribution shall be remitted by the District in the October following the fiscal year in which the resignation became effective, provided that the affected individual has satisfied the requirements of this Section B(2).
 - (a) The District's obligation to make the contribution described in this Section B(2) shall be conditioned upon (i) the District's receipt of the retiring individual's written agreement to indemnify and hold the District harmless from any income tax, employment tax, or other tax liability or reporting obligation that may be imposed on the District as a result of making such contribution, (ii) the District's receipt of the retiring individual's written acknowledgement that the District assumes no responsibility and makes no representations or warranties regarding how the contribution will be treated for purposes of the New York State Teachers' Retirement System and the benefits that may be payable to the individual pursuant to the New York State Teachers' Retirement System, and (iii) the District's receipt of the retiring individual's written affirmation that the contribution will not exceed any Internal Revenue Code limit applicable to the individual. Graduate hours are determined on the basis of semester hours. Quarter-hours or tri-semester hours will be prorated on the basis that each three (3) hours equals two (2) semester hours. These increments shall not exceed eighty-one semester hours.

Graduate hours must represent a planned program rather than a random sampling of courses. Therefore, it is recommended that each teacher plan his/her advanced work in conjunction with his/her course work so that it will lead to an appropriate advanced degree. The overall program should be designed to improve his/her effectiveness and efficiency as a member of our professional staff. While emphasis should be placed on courses in subject matter or in teaching methods, courses in curriculum, supervision and administration are acceptable toward graduate increments. Upon completion of a block of nine (9) semester hours, the teacher shall submit a letter of application to the Superintendent or her/his designee for a graduate increment and furnish evidence of satisfactory completion of the approved courses according to the following plan:

1. In order to be eligible for the \$600 adjustment the letter of application must be submitted on or before September 1, and the evidence before October 1, of each school year.
2. The teacher may still be eligible for a \$600 increment prorated on a 50% basis, if the application is submitted by February 1, and the evidence by March 1, of a given school year.

Article XXV: Faculty Salaries

G. Coaches' Salary Schedule

All coaches will receive a salary in accordance with the salary plan set forth below:

1. Coaches will be assigned an index which shall be determined as follows: The sum of the total weeks without playoffs times the base. The terms are as follows:

BASE

- 1.2 = Head Coach, Trainer, Equipment Manager
- 1.0 = Varsity Assistant, Cheerleader, Junior Varsity
- 1.0 = Modified

TOTAL NUMBER OF WEEKS

- Season length – 1 week for each school week (3 events per week)
- 1 week for each vacation week (2 events per week)

EVENT – Practice or competition

2. The coach's salary is determined as follows: For coaches with five (5) or fewer credited years in the sport: the Index is converted to a decimal and multiplied by the appropriate step on the schedule.

For coaches with more than five (5) years credited in the sport: the Index is increased by adding 0.2 times the number of credited years in excess of five (5). The result is converted to a decimal and multiplied by the amount at Step 5 of the schedule.

EXAMPLE: A coach with seven (7) years of credited service and an Index of 11 from Part 1 of this section would have an Index of $11 + (0.2 \text{ times } 2 \text{ years in excess of five})$ or 11.4. This is converted to the decimal $11.4/100 = .114$

3. Prior service credit for previous coaching can be given to new coaches up to a maximum of Step 5.
4. The schedule is set forth below:

Step	2015-16	2016-17	2017-18	2018-19

6. One-half of the payment for each coach will be made in mid-season, and the other one-half will be made at the end of the season.
7. The District shall have an option to appoint a coach for a three (3) year period of time with an option to renew such appointment. Termination for cause may occur during this three (3) year period.

Article XXIII: Grievance Procedure

Section I. Declaration of Purpose

WHEREAS, the establishment and maintenance of a harmonious and cooperative relationship between the Board of Education and the professional staff is essential to the operation of the schools, it is the purpose of this procedure to secure, at the lowest possible administrative level, equitable solutions to alleged grievances of employees in the unit represented by the Association through procedures under which they may present grievances free from coercion, interference, restraint, discrimination, or reprisal and by which the Board and such aggrieved persons are afforded adequate opportunity to dispose of their differences without the necessity of time-consuming and costly proceedings before administrative agencies and/or the courts.

1.1 A Grievance is a claim by any person or group of persons in the negotiating unit based upon any event or condition adversely affecting their terms and conditions of employment and/or work related welfare, including an claimed violation of this agreement, policies, rules, bylaws, procedures, or practices of the Board of Education, or improper implementation of administrative regulations or improper application of State regulations. Claimed violations of law will go directly to arbitration.

1.2 The term "Supervisor" shall mean any Principal, Associate Principal, immediate supervisor, or other administrative or supervisory officer, who is not a member of the Association, responsible for the area in which an alleged grievance arises except for the Chief Executive Officer.

1.3 The "Chief Executive Officer" is the Superintendent of Schools.

1.4 "Association" shall mean the Ithaca Teachers Association, exclusive representative of the negotiating unit.

1.5 "Aggrieved Party" shall mean any person or group of persons in the negotiating unit filing a grievance.

1.6 "Professional Practices, Rights and Responsibilities (PPR&R) Committee" is the committee created and constituted by the Association and its members in the enforcement of this Agreement and the assertion of their professional rights.

1.7 "Party in Interest" shall mean the PPR&R Committee of the Association and any party named in a grievance who is not the aggrieved party.

1.8 "Hearing Officer" shall mean any individual charged with the duty of rendering decisions at any stage of grievances hereunder.

Article XXIII: Grievance Procedure

Section II. Procedures

2.1 All grievances shall include the name and position of the aggrieved party, the identity of the provision of law, this Agreement, policies, etc., involved in said grievance, the time when and the place where the alleged events or conditions constituting the grievance existed, the identity of the party responsible for causing the said events or conditions, if known to the aggrieved party, and a general statement of the nature of the grievance and the redress sought by the aggrieved party.

2.2 Except for informal decisions at Stage 1 (a), all decisions shall be rendered in writing at each step of the grievance procedure, setting forth findings of fact, conclusions, and supporting reasons. Each decision shall be promptly transmitted to the teacher and the Association.

2.3 If a grievance affects a group of persons and appears to be associated with the system-wide policies, it may be submitted by the Association directly to the Chief Executive Officer at Stage 3 described below.

2.4 The preparation and processing of grievances, insofar as practicable, shall be conducted during the hours of employment. All reasonable effort will be made to avoid interruption of classroom activity and to avoid involvement of students in any phase of the grievance procedure.

2.5 The Board of Education and the Association agree to facilitate any investigation which may be required and to make available any and all material and relevant documents, communications, and records concerning the alleged grievance.

2.6 Except as otherwise provided in Section IV, paragraphs 4.1(a) and 4.1(b), an aggrieved party and any party in interest shall have the right at all stages of a grievance to confront and cross-examine all witnesses on his/her own behalf, and to be furnished with a copy of any minutes of the proceedings made at each stage of this grievance procedure.

2.7 No interference, coercion, restraint, discrimination, or reprisal of any kind at any time will be taken by the Board or by any member of the administration against the aggrieved party, and party in interest, any representative, any member of the PPR&R Committee or any other participant in the grievance procedure or any other person by reason of such grievance or participation therein.

2.8 Forms for filing grievances, serving notices, taking appeals, making reports and recommendations, and other necessary documents will be jointly developed by the Board and the Association. The Chief Executive Officer shall then have them printed and distributed so as to facilitate operation of the grievance procedure.

2.9 Nothing contained herein will be construed as limiting the right of the aggrieved to discuss the matter informally with the appropriate member of the administration and having the grievance informally adjusted without intervention of the PPR&R Committee provided the adjustment is not inconsistent with the terms of this Agreement and the PPR&R Committee has been given an opportunity to be present at such adjustment and to state its view on the grievance. In the event that any grievance is adjusted without formal determination, pursuant to this procedure, while such adjustment shall be binding upon the aggrieved party and shall, in all

Article XXIII: Grievance Procedure

respects, be final, said adjustment shall not create a precedent or ruling binding upon either of the parties in this Agreement in future proceedings.

2.10 If any provision of this grievance procedure or any application thereof to any person or group of persons in the negotiating unit shall be finally determined by any court to be contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.

2.11 The Chief Executive Officer shall be responsible for accumulating and maintaining an Official Grievance Record to be filed separately from the personnel files of the participants which shall consist of the written grievances, all exhibits, transcripts, communication, minutes, and/or notes of testimony, as the case may be, written arguments and briefs considered at all levels other than Stage 1(a), and all written decisions at all stages. Official minutes will be kept at Board expense of all proceedings in Stages 2,3, and 4. A copy of such minutes will be made available to the aggrieved party and the PPR&R Committee within two (2) days after the conclusion of hearings at Stages 2,3, and 4, and the appropriate Hearing Officer will be advised of any errors in said minutes. Any such claim of error in the minutes shall become a part of the Official Grievance Record and the Hearing Officer shall indicate the determination made respecting such claimed error. The Official Grievance Record shall be available for inspection and/or copying by the aggrieved party, the PPR&R Committee, and the Board, but shall not be deemed a public record.

2.12 The existence of the procedure hereby established shall not be deemed to required the aggrieved to pursue the remedies here provided and shall not, in any manner, impair or limit the right of the aggrieved to pursue any other remedies available in any other form at any stage of the procedure.

Section III. Time Limits

3.1 Since it is important to good relationships that grievances be processed as rapidly as possible, every effort will be made by all parties to expedite the process. The time limits specified for either party may be extended only by mutual agreement.

3.2 No written grievance will be entertained as described below, and such grievance will be deemed waived unless written grievance is forwarded at the first available stage within sixty (60) school days after the aggrieved knew or should have known of the act or condition on which the grievance is based.

3.3 If a decision at one stage is not appealed to the next stage of the procedure within the time limits specified, the grievance will be deemed to be discontinued and further appeal under this Agreement shall be barred.

3.4 Failure at any stage of the grievance procedure to communicate a decision to the aggrieved party, hi/her representatives, and the PPR&R Committee within the specified time limit shall permit the lodging of an appeal at the next stage of the procedure within the time which would have been allotted had the decision been communicated by the final day.

Article XXIII: Grievance Procedure

3.5 In the event a grievance is filed on or after June 1, upon the request by or on behalf of the aggrieved party, the time limits set forth herein will be reduced pro rata so that the grievance procedure can be exhausted prior to the end of the school term or as soon thereafter as is possible.

Section IV. Stages of Grievance Procedures

4.1 Stage 1

- (a) The aggrieved party will discuss his/her grievance with his/her superior or his/her building representative as (s)he chooses, with the objective of resolving the matter informally. The supervisor or building representative will confer with all parties in interest but, in arriving at a decision, will not consider any material or statements offered by or on behalf of any such party in interest with whom consultation has been had without the aggrieved party or his/her representative present. If the aggrieved submits the grievance through a representative, the aggrieved may elect to be present during the discussion of the grievance.
- (b) If the grievance is not resolved informally, it shall be reduced to writing and presented to the supervisor. Within two (2) school days after the written grievance is presented to him/her, the supervisor shall, without any further consultation with the aggrieved party or any party in interest, render a decision thereon, in writing, and present it to the aggrieved, his/her building representative, and the PPR&R Committee.
- (c) The aggrieved may bypass a. and b. above and go directly to the PPR&R Committee.

4.2 Stage 2

- (a) If the aggrieved is not satisfied with the written decision at the conclusion of Stage 1(b) and wishes to proceed further, (s)he shall, within five (5) school days, present the grievance to the PPR&R Committee for its consideration.
- (b) The PPR&R Committee, after consultation with the aggrieved and with his/her approval, will within twenty (20) school days after the aggrieved received the written decision at Stage 1 or within ninety (90) days after the occurrence of the events complained of, file a written appeal of the decision with the Chief Executive Officer, submitting copies of the decision with the appeal.

4.3 Stage 3

- (a) Within five (5) school days after receipt of the appeal, the Chief Executive Officer, or his/her duly authorized representative, shall hold a hearing with the aggrieved and the PPR&R Committee or its representative and all other parties in interest.
- (b) The Chief Executive Officer shall render a decision in writing to the aggrieved, the PPR&R Committee, and its representative within five (5) school days after the conclusion of the hearing.

Article XXIII: Grievance Procedure

4.4 Stage 4

- (a) If the aggrieved and the PPR&R Committee are not satisfied with the decision at Stage 3(b), the PPR&R Committee will file an appeal in writing with the Board of Education within fifteen (15) school days after receiving the decision at Stage 3(b). The Official Grievance Records maintained by the Chief Executive Officer shall be available for use by the Board of Education.
- (b) Within fifteen (15) school days after receipt of an appeal, the Board of Education shall hold a hearing on the grievance. The hearing shall be conducted in executive session with the aggrieved and the PPR&R Committee.
- (c) Within five (5) school days after the conclusion of the hearing, the Board of Education shall render a decision, in writing, on the grievance to the aggrieved, the PPR&R Committee, and the Chief Executive Officer.

4.5 Stage 5

- (a) After such hearing, if the aggrieved and the PPR&R Committee are not satisfied with the decision at Stage 4(c) and the PPR&R Committee determines that the grievance is valid and that appealing it is in the best interests of the Association, it may submit the grievance to arbitration by written notice to the Board of Education within fifteen (15) school days of the decision at Stage 4(c).
- (b) Within five (5) school days after such written notice of submission of arbitration, the Board of Education and the PPR&R Committee will agree upon a mutually acceptable arbitrator competent in the area of the grievance and will obtain a commitment from said arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the specified period, a request for a list of arbitrators will be made to the American Arbitration Association by either party. The parties will then be bound by the rules and procedures of the American Arbitration Association in the selection of an arbitrator.
- (c) The selected arbitrator will hear the matter promptly and will issue his/her decision not later than fourteen (14) calendar days from the date of the close of the hearing or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to him/her. The arbitrator's decision will be in writing and will set forth his/her findings of fact, reasoning, and conclusions on the issues.
- (d) The arbitrator shall have no power or authority to make any decision which requires the commission of any act prohibited by law or which is violative of the terms of this Agreement.
- (e) The decision of the arbitrator shall be final and binding upon all parties.
- (f) For those grievances that are related to violations of the contract, the costs for the services of the arbitrator, including expenses, if any, will be borne equally by the Board of Education and the Association. In the case of non-contractual grievances, the Association agrees to bear the cost for the services of the arbitrator.

Article XXIX: Miscellaneous

Time for Grievance Processing

When it is necessary, pursuant to the Grievance Procedure, for a Building Representative, member of the Professional Practices, Rights, and Responsibilities (PPR&R) Committee or other representative designated by the Association to investigate a grievance or attend a grievance meeting or hearing, notice shall be given to the Principal or immediate superior and to the Superintendent by the Chairperson of the PPR&R Committee, requesting that any of the above be released without loss of pay to permit participation in the foregoing activities. Any teacher whose appearance in such investigations, meetings or hearings as a witness is necessary will be accorded the same right. The Association agrees that these rights will not be abused.

Article XXIX: Miscellaneous

There will be no reprisals of any kind taken against any teacher by reason of his/her membership in the Association or participation in any of its activities.

B. Copies of Board Agenda and Minutes

The Association will be provided with ten (10) copies of the popularized minutes of official Board meetings as soon as possible after such meetings. A copy of the agenda for each Board meeting, and any attached documents, including the Personnel Report, will be given to the Association at least two (2) school days prior to each Board meeting.

C. Copies of Board Policies and Rules

The Association will be provided with fifty (50) copies of the Board's Personnel Policies and Rules and Regulations and fifty (50) copies of any changes in or amendments thereto. The Association will be provided with twenty-five (25) copies of the Policy Handbook of Board of Education.

E. Saving Clause

If any provision of this Agreement or any application of the Agreement to any employee or group of employees shall be found contrary to law, then such a provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.

F. Agreement Constitutes Policy

This Agreement constitutes Board and Association policy for the term of said Agreement, and the Board and Association will carry out the commitments contained herein and give them full force and effect.

Article XXX: Board Prerogatives

H. School Closing: Make Up Time

1. School Closings: Excessive pupil absence from class impairs instruction and, when pupil absence in the District exceeds 20%, instruction cannot be profitably continued. It is therefore agreed that in the event that pupil absence from the District by reason of epidemic equals or exceeds 20%, the schools will be closed for such period as appears to the Superintendent, with advice of public health authorities, to be sufficient to reduce absences from such epidemic to normal levels. Upon such school closing, teachers will be excused from all duties without loss of pay or leave and will not be required to return to duty until school is reopened for student attendance.

In the event that schools are closed by reason of inclement weather, the teachers will be similarly excused.

2. Make-up Time: The dates when time lost by reason of school closing shall be made up shall be determined by negotiation between the parties hereto.

I. Implementation of Agreement

It is agreed by and between the parties that any provision of this agreement requiring legislative action to permit its implementation by amendment of law or by providing the additional funds therefore, shall not become effective until the appropriate legislative body has given approval.

Article XXX: Board Prerogatives

Any or all rights, powers, authority, and prerogatives which the Board had prior to entering into this Agreement are retained by the Board, except as those rights, powers, authority or prerogatives are expressly and specifically limited by the provisions of this Agreement.

The failure to enumerate such retained rights, powers, authority, and prerogatives shall not be construed as a waiver of any such rights, powers, authority or prerogatives.

Article XXXI: Duration

The provisions of this Agreement shall be effective as of July 1, 2016, except as otherwise herein provided in this Agreement, and shall remain in full force and effect for so long as the Association is recognized under the current recognition or any automatic extension or renewal thereof as the exclusive representative of the employees of the Board in the employer-employee negotiating unit as presently defined.

Provided, however, that either party wishing to amend this Agreement in any respect may so notify the other by May 1, 2019 of the topics as to which modification is provisions hereof.

Appendix D: Process for Selection of Department Leaders, Coordinators, Curriculum Committee Heads

PROCESS FOR SELECTION OF DEPARTMENT LEADERS, COORDINATORS, CURRICULUM COMMITTEE HEADS

1. By April 1, the Office of Human Resources will identify departments with two-year terms expiring. Departments include: building departments – such as math; secondary departments if in existence; District departments – such as art; and Curriculum Committees, and notify the Association.
2. Department members will be notified and selection process begun.
3. The Principal, in the case of building departments, or Superintendent in the case of secondary departments, District departments, and Curriculum Committees, may meet with each department or committee.
4. The opening will be posted by the Office of Human Resources.
5. After posting dates expire and candidates are known, each department or Curriculum Committee will be responsible for conducting a secret ballot election to select a leader, coordinator, or committee head. A non-candidate will run the meeting and count the ballots.

“Members of departments” include all persons teaching one class or more in that department and the department leader, or coordinator.

Each person will get two votes for each class s/he is currently teaching in the department. Department leaders, or coordinators will get ten (10) votes (as though they taught a full class load).

In departments where teachers work part-time, each teacher will get one vote for each tenth worked.

For Curriculum Committees, the present members of the Committee will vote – one vote per member.

6. The persons who count the ballots shall announce the results to the department members and forward the department’s elected candidate to the Principal (building departments) or Superintendent (secondary departments, district departments, Curriculum Committees).
7. In the event the opening occurs, or interviews must be held, during the summer, as many teachers as possible from the department will be involved in the process. After school opens, the candidate(s) will be afforded an opportunity to meet with the members of the department in an interview format.
